# I Can
ACT Against Scams

What is ACT?

ACT refers to a set of actions (Add, Check, Tell), we can take to reduce our likelihood of being exposed to scams and being scammed.

ACT also represents a call-to-action for individuals and the community to start taking proactive actions to protect themselves, their family and friends from scams.

Why ACT?

Everyone is vulnerable and anyone can fall prey to scams.

Awareness of scams is insufficient. As scams are always evolving, we may not always be vigilant to scams.

Preventive actions provide an additional layer of defense against scams.

The ACT ("Add, Check, and Tell") campaign encourages individuals to take preventive actions to protect themselves and their loved ones against scams.
